

Sevendyne Skills

Training in .NET, Java, and In-Demand Technologies

 Standard Monthly Plan: ₹30,000 per Student

1. Executive Summary

Sevendyne Skills is your partner in building future-ready software professionals. We deliver **structured, hands-on training** in industry-demanded technologies like **.NET, Java, Fullstack Web**, and **Cloud Platforms**.

Whether you're a fresher, an upskilling professional, or a corporate team, our programs are designed to create job-ready talent through expert-led sessions, project-based learning, and career mentorship.

We offer:

-  Structured Training in .NET, Java, Python, and Fullstack Web
-  Real-Time Projects with GitHub Portfolio Support
-  Interview Prep, Resume Building & Career Guidance

2. Training Plans & Pricing

| Plan | Ideal For | Inclusions | Price |
|----------------|-----------------------|---|---------------------------|
| Starter | Students & Freshers | 1 core tech (e.g., Java or .NET), projects, support | ₹30,000/month per student |
| Pro | Working Professionals | 2 tech stacks + live projects + mentorship | ₹45,000/month per student |

| | | | |
|-------------------|--------------------------|---|-----------------------------|
| Enterprise | Corporate Training Teams | Custom batch + skill assessment + team onboarding | Custom Quote (10+ students) |
|-------------------|--------------------------|---|-----------------------------|

3. What's Included in the ₹30,000/Month Starter Plan

✓ Core Technical Training

- Choose one track: **.NET**, **Java**, or **Fullstack Web (HTML, CSS, JS, Node.js)**
- 3 classes per week + weekly project
- Access to live coding, quizzes, and feedback

✓ Project-Based Learning

- Real-world GitHub-hosted projects
- Resume-grade portfolio building
- Assignments & code reviews

✓ Career & Interview Support

- Resume preparation and LinkedIn optimization
- Weekly mock interviews
- Access to Sevendyne placement drives

4. Upgrade Paths & Add-Ons

| Need More? | We Provide | Cost |
|--------------------------------|--|---------------------------|
| Learn an additional technology | Add a second tech track (e.g., Fullstack + Java) | +₹15,000/month |
| Get placed through Sevendyne | Placement & mentorship track | ₹10,000 (one-time) |
| Internship/Live Client Project | Add 1-month internship with certification | ₹20,000 (add-on) |
| Corporate batch customization | Tailored training, tools, and timing | Custom Quote (₹3L+/batch) |

5. Sample Engagement Plan: Individual Student

| Phase | Activity | Cost |
|----------|---------------------------------|-----------------|
| Month 1 | Core Java + Mini Projects | ₹30,000 |
| Month 2 | Web APIs + Spring Boot Project | ₹30,000 |
| Month 3 | Mock Interviews + Portfolio Dev | ₹30,000 |
| Optional | Add Internship/Placement Track | ₹10,000–₹20,000 |

6. Operational Benefits

- 📅 **Simple Monthly Model:** No long-term lock-ins; pay per month, per student
- 📊 **Progress Tracking:** Monthly assessments and individual feedback
- 👤 **Mentor Access:** Chat and Zoom-based query resolution
- 🤝 **Corporate Compatibility:** Training modules aligned with industry job roles

7. Why Choose Sevendyne Skills?

- 🎓 **Industry-Aligned Curriculum:** Built by real developers, not just trainers
- 🛠️ **Hands-On Learning:** 70% project-based approach
- 🧠 **Career-Focused:** Not just training, but job readiness
- 🌐 **Flexible Delivery:** Online, hybrid, or onsite options
